Viruses like influenza (flu), respiratory syncytial virus (RSV) and COVID-19 are around.

Protect yourself against severe illness. Make sure you've had your recommended vaccinations, including influenza (flu) and COVID-19.

If you are 65 years and over, you can get a FREE\* flu shot. A FREE COVID-19 booster dose is also recommended.

Ask your doctor, pharmacist or Aboriginal Medical Service today.

\* Some providers may charge an administration or consultation fee. Ask your doctor or pharmacist if this applies to you.

For more information, visit [www.health.nsw.gov.au](http://www.health.nsw.gov.au) or scan the QR code.
